

Zephyr

Collection

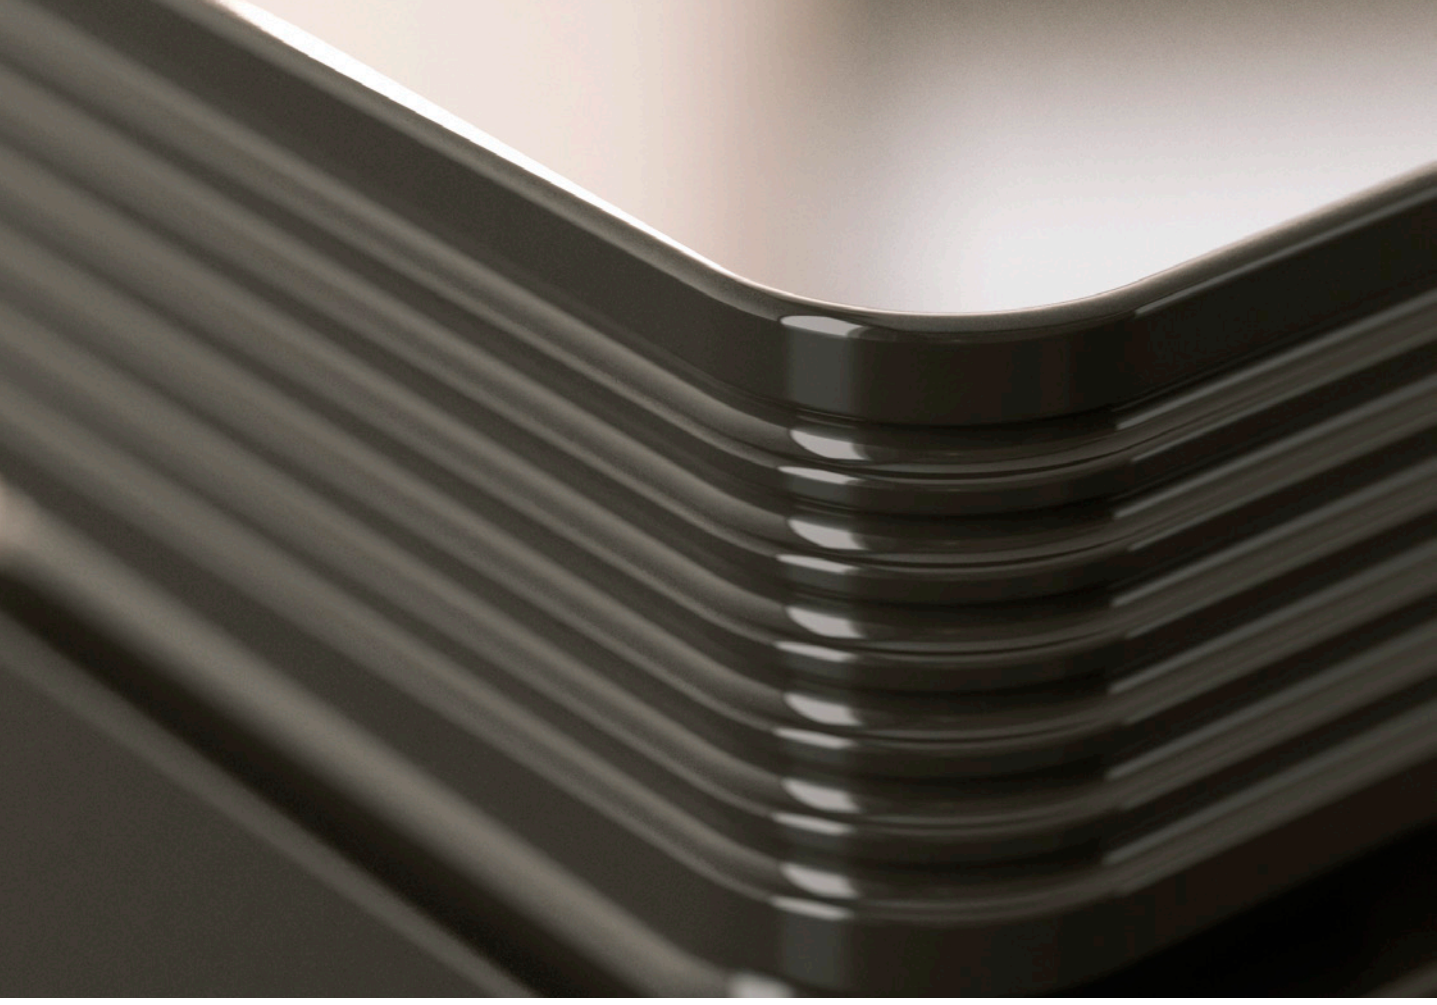

FRANZ VIEGENER

Zephyr channels the elegance of the legendary Zephyr train, marrying the streamlined sweep of **Art Deco** with a fresh, modern sensibility. Rather than mimic historic ornament, it translates the lavish spirit of the Belle Époque and Deco eras into clean, sculptural forms. Each line and curve is meticulously calibrated—never ornate, always intentional—so the design breathes with understated confidence. In Zephyr, luxury is found in measured simplicity, where precision becomes the ultimate embellishment.

Introducing the newest finish from Franz Viegener:
Polished Black – PK, an exclusive addition
to The True Black collection.

This ultra-deep, mirror-like finish delivers
the purest black imaginable—elevating every contour
with absolute sophistication and timeless allure.

Exclusively for Zephyr Collection.

Through balance, poise, and presence, Zephyr embodies a timeless sophistication, where structure meets softness, and innovation respects tradition. It's a dialogue between then and now, between what was and what can be.
