Aerator cleaning / Limpieza de aireador

Place the corresponding tool according to the type of aerator you have and remove it. Wash it under a stream of water. If there is any sediment, place it in a glass of vinegar during the night. Put it back the next day.

Coloque la herramienta correspondiente según el tipo de aireador y remuevalo del pico. Lávelo bajo un chorro de agua. Si está tapado colóquelo en un vaso de vinagre durante la noche. Al día siguiente vuelva a armarlo.

Attention! Do not use sharp objects to unblock the aerator
¡Atención! NO intente destapar el aireador utilizando
